CASCO BAY LINES SCHEDULE ALERT

January 18, 2020

New Down Bay Schedule to Begin February 29, 2020

The multi-year Schedule Analysis Project concluded last month as the Board voted on final updates to a revised alternative schedule for Down Bay service. The new winter schedule will go into effect on February 29, 2020. Until then, the current Down Bay winter schedule posted on the website will remain in effect.

The approved new Down Bay winter schedule can be viewed on the [schedule page](#) (click on island for schedule) of the CBITD website or alongside more information about the Schedule Analysis Project [here](#) on our website.

The Down Bay spring, summer and fall schedules will also be changing to align with the approved new schedules [seen here](#). Those dates and times will be updated on the website in the coming weeks.

Because the Board did not approve the revised alternative schedule for Peaks Island service, there will be no changes to the Peaks Island schedule.

Thank You!

Caitlin Dildart

Director of Sales & Marketing
