

CASCO BAY LINES ENEWSLETTER

October 2021

Greetings!

Another season is in the books and we're facing down the cooler months ahead. Here at CBL, our off-peak season rates and winter schedule both begin on Tuesday, October 12th, following the holiday weekend. With the busy summer behind us, work on the terminal renovation is picking up. As a reminder, please continue to routinely review the [COVID-19 operational updates on our website](#) before visting.

Winter Rates & Schedule Begin October 12th

This is a reminder that the winter sailing schedule, and off-peak season rates, will go into effect on Tuesday, October 12th. [The schedule can be found here on our website.](#)

Reminder: 2021 Board of Directors Election

As a reminder, elections for four seats on the CBITD Board of Directors will take place on November 2nd. The full list of candidates, and information about the election, can be found [here on our website.](#)

Terminal Renovation Update

Phase II/Phase III work continues to progress as expected. The majority of the site work should be done by early November with paving to follow. Work on the building is moving along as scheduled. This winter will be very busy with marine improvements.

Pier extension work will cause brief periods of extremely loud noise. Our staff will be alerting those in the immediate proximity to ensure continued safety while passengers and vehicles are loading/unloading. Please continue to abide by all construction signage in place. Assuming no changes to the schedule, the site and building work should be completed by the end of this year and marine work by next summer. View more information [here on our website.](#)
