Island Package Deliveries

With the start of the holiday season, we want to remind our customers that all packages must be shipped to your island address. This includes all online and catalog package orders shipped via UPS and Fed Ex. These shippers have contractors on Peaks Island, Diamond Cove, Long Island, Chebeague Island and Cliff Island to deliver packages to your home and will pay the shipping charge. Little and Great Diamond State Pier customers will be called to arrange shipping time. Please be sure that your phone number is on your package or that we have it available.
