CASCO BAY LINES SCHEDULE ALERT

December 20, 2019

CBITD Board of Directors Approve New Down Bay Schedule to Begin February 29, 2020

The multi-year Schedule Analysis Project concluded this week as the Board voted on final updates to a revised alternative schedule for Down Bay service. The new schedule will go into effect on February 29, 2020. Until then, the [current Down Bay winter schedule](#) posted on the website will remain in effect.

Because the Board did not approve the revised alternative schedule for Peaks Island service, there will be no changes to the Peaks Island schedule.

In the coming weeks, Casco Bay Lines will post notice of the approved changes to the Down Bay schedule in the terminal, on the CBITD website, and [in the CBITD email newsletter](#), with complete schedule information for the Down Bay schedule beginning on February 29, 2020.

More information about the Schedule Analysis Project [can be found here](#) on our website.

Happy Holidays!

Thank You!

Caitlin Gildart

Director of Sales & Marketing
